19 March 1973

MEMORANDUM FOR: Director of Security

SUBJECT : Reorganization Proposal by the Chief,
Administration and Training Staff

1. Reference is made to the memorandum of 16 March 1973 from the Chief, Administration and Training Staff, who has recommended a reorganization plan which affects both A&TS as well as the Executive Staff.

25X1A 2. This is to advise that I strongly disagree
25X1A with the approach which is suggested; it strikes me as
being extremely self-serving; and I really have the gut
feeling that it borders on being dishonest. In summary,
it is a case of having your cake and eating it also. Mr.
[REDACTED] calmly eliminates Executive and Planning Division,
assumes no significant new responsibilities, acquires the
services of [REDACTED] recommends the upgrading of four
professional positions in the Administration and Training
Staff, and acquires a GS-7 secretarial position. This
takes guts.

25X1A 3. I have already gone on record with you in going
25X1A along with the transfer of Executive and Planning Division
to Administration and Training Staff, so there is no per-
sonal interest in retaining a small empire. However, I
don't think [REDACTED] knows enough about the Office of
Security in general, the Special Security Center as a whole,
or the responsibilities of [REDACTED] in particular,
to dream up the proposal that "security policy matters" be
assigned to that slot. Quite aside from the [REDACTED] pro- 25X1A
ject, this would be the worst possible time for "security
policy" to be delegated down the line rather than being
pulled in closer to the Director of Security. Presumably
25X1A [REDACTED] would have primary responsibility for
security policy

25X1A 4. I am also convinced that there is a pretty serious records problem in the Office of Security, but [REDACTED] also wants to avoid biting into the problem or assuming any of the risks. Again, I don't feel that the Chief, A&TS knows that much about Security Records & Communications Division or the Microfiche Program to be making the recommendation that records management become a part-time job in SR&CD. Possibly the Deputy Director of Security for Personnel Security would want to present his views on this. In any case, [REDACTED] is being consistent, if not objective, in downgrading anything which does not come under A&TS.

25X1A

25X1A 5. At a time when we are all tightening our belts and going the "downgrade" route, the Chief, Administration and Training Staff is going 180 degrees in the opposite direction. I am the first to admit that EPD has had weaknesses, but I don't think the performance of [REDACTED] outshines [REDACTED]. It is somewhat difficult to be objective and avoid personalities, but I will be glad to discuss at your convenience.
